

Rainbow Canyon Villages and Estates
Standard Mailbox Stand, excluding amardillo mailbox stand.

Materials required----

1. One (1) post 44.5 inches high excluding the amount of post set in the concrete, presumably approx. 4 inches, one end of the post to be beveled at 45 degrees on all four sides. The post is to be a 4 x 4 post.
2. 2 x 6's of sufficient length to stretch horizontally on 2 side of the post, (see diagram attached). 2 x 6's should be appropriately beveled at 45 degrees.
3. Appropriate bolts, washers, and nuts to sufficiently secure the post and horizontal 2 x 6's.
4. ¼ inch plywood to lie on top of the horizontal posts to allow the Post Office box to be attached thereto.
5. One (1) mailbox 19 x 7 inches and 9 inches high.

See attached diagram
